GLOSSARY SUMMARY	
Annualised Performance	Annualised performance shows longer term performance rescaled to a 1-year period. Annualised performance is the average return per year over the period. Actual annual figures are shown in the performance table above.
Highest & Lowest Return	The highest and lowest returns for any 1 year over the period since inception will be shown once the portfolio has a 1 year track record.
Sharpe Ratio	The Sharpe ratio is used to indicate the excess return the portfolio delivers over the risk free rate per unit of risk adopted by the fund. Standard Deviation: The deviation of the return stream relative to its own average.
Max Drawdown	The maximum peak to trough loss suffered by the Fund since inception.
High Water Mark	The highest level of performance achieved over a specified period.
Moderate High Risk Investment	A moderate high risk investment profile seeks a balance between capital growth and capital preservation over the medium to long-term. Investors with this profile can expect moderate levels of volatility and are willing to tolerate periodic fluctuations in their investment value in anticipation of potentially higher longterm returns over a 5 -10 year investment horizon.
Qualified Hedge Funds	A type of hedge fund that is only available to investors that meet the qualified investor criteria.
Qualified Investor	A person who invests an initial minimum amount of R1million and who has demonstratable knowledge and experience in financial and business matter which would enable the investor to assess the merits and risks of a hedge fund or has appointed a Financial Services Provider(FSP) who has demonstratable knowledge and experience to advise the investor regarding merits and risks of a hedge fund investment.
*Performance Fee	The performance fee will be effective from 01 September 2025. Performance fees are payable on outperformance of the benchmark using a participation rate of 20%. A permanent high watermark is applied, which ensure that performance fees will only be charged on new performance. There is no cap on the performance fee. Please note that the Total Expense Ratio and Transaction Costs cannot be determined accurately because of the short life span of the Financial Product and the funds. The TER will be available after one year.
